

clever about spending IT

come and hear from those who are...

How can you ensure your IT budget is used effectively? How can you get maximum value for money?

Sovereign Business Integration has teamed up with PIMSS Data Systems, Documotive and Orbit to bring you a case study driven seminar designed to give you an opportunity to hear directly from social housing practitioners about how, by investing in IT systems, they have achieved impressive savings, increased staff efficiencies and improved customer service.

Presentation 1: Performance planning for sustainability

By PIMSS Data Systems. Presented by Paudie O'Shea, Sustainability expert with Wulvern Housing.

Presentation 2: Reducing cost, improving customer service

By Jonathan Holyhead, Managing Director, Documotive.

Presentation 3: Mobile efficiencies

By David Leach, ICT Director, Orbit Services and Selina Olah, Finance Director, Orbit Group.

There will be an opportunity to join a 30 minute tour of The Royal Society at the end of the seminar. Please let us know if you wish to take part.
